

CHALLENGER BASEBALL SPONSORSHIP

There is a little boy with developmental disabilities who has always wanted to hit it out of the park like his favorite player. There is a young woman who always wanted to challenge herself at the plate and laugh with friends on a warm summer night. Challenger Baseball, the largest special needs league in the country, makes these dreams come true. This year, we're hoping you will bring your heart and resources to our league so we can continue to grow and welcome the largest free gathering of special needs players in the country.

In 2020, the first time in our history, we missed a season of baseball. With so many of our players having compromised immune systems we couldn't imagine having a season where there were no hugs or high fives.

In 2021, we're coming back to Mattydale and Carrier Park while paying close attention to CDC guidelines. We are offering the opportunity to return to our players and coaches and will hold spots for anyone who wants to wait until 2022.

TEAM SPONSORSHIP

Our teams are free for all players. They receive a free hat and jersey, a final game at NBT stadium, a free end of year banquet for the team and their families and a trophy for every player. For children who have never played in a team sport, this trophy symbolizes the accomplishments and friendships they have made over the summer.

BENEFITS

Your company name, logo and link to your website and Facebook page on our:

Website: 5000+ page views

Facebook: 1836 Likes

Hats for up to 20 players

Your Tax-Deductible Donation:

\$1000 – First Year

\$750 every year after that

Three-year commitment
